

01 April 2008

Compulsory Third Party Insurance launched for Queensland drivers

Compulsory Third Party insurance, otherwise known as **CTP**, provides compensation for other people injured by your vehicle when you or the person driving your vehicle, is the driver at fault in an accident. It is compulsory throughout Australia.

Wide Bay Australia has now made CTP available to our Queensland customers.

We selected Allianz Australia Insurance Limited as our CTP insurance provider for Queensland drivers because Allianz offers some of the most competitive CTP premiums around. In fact, 23% of Queensland motorists have an Allianz 'QLD CTP' policy – that's more than half a million Queenslanders!

Allianz QLD CTP includes a special At-Fault Driver Protection with guaranteed benefits up to \$1,000,000. This protection covers the At-Fault Driver (who is 25 years or older) for serious personal injury at no extra cost.

Customers can transfer from their current QLD CTP insurance provider to an Allianz QLD CTP Policy (with additional At-Fault Driver Protection) by completing a CTP Nomination Notice at a Wide Bay Australia branch or by contacting the Widecover Insurance Service Centre on our hotline 1800 673 799 between 8.25am to 5pm EST – Monday to Friday
